Any such required additional or substitute terms will be contained in a third party license agreement ("Third Party License Agreement") included with this Software Product. For such distributed Third Party Software, the terms of the Third Party License Agreement shall supersede the terms of this Agreement, excluding Subsection 3.4, Section 5 and this Section 6. Licensee acknowledges that the Licensed Software and Licensed Documentation contain confidential information which is proprietary to, and a trade secret of, Licensor and/or its Third Party Software vendors and that any publication or disclosure to third parties of the confidential information may cause immediate and irreparable harm to Licensor. Licensee will take all reasonable steps to maintain the confidentiality of the Licensed Software and Licensed Documentation. - 8.1 Licensor warrants that for a period of one (1) year from shipment of the Software Product (the "Warranty Period"), the Licensed Software, except as specified below, shall when operating in the environment specified by Licensor, function substantially in accordance with the Product Specifications when properly installed. If during the Warranty Period, Licensee provides Licensor with written notice of a nonconformity to the foregoing warranty promptly after such a nonconformity is discovered and within that period, including a description of the nonconformity and complete information about the manner of its discovery, Licensor shall, at no additional charge to the Licensee, correct the nonconformity by, at its option, either (1) modifying or making available to the Licensee instructions for modifying any erroneous program; or (2) making available at Licensor's facility necessary corrected or replacement programs. Due to the complex nature of the Licensed Software, Licensor does not warrant that functions contained in the Licensed Software will operate in combinations which may be selected by the Licensee, or that the Licensed Software is free from errors in the nature or what is commonly categorized by the computer industry as "bugs" or that all such errors therein will be corrected. Licensee agrees to return the defective Licensed Software to Licensor freight collect.
- 8.2 The foregoing warranties shall not apply to Licensed Software which (1) have been improperly modified or altered or modified without authorization; (2) have been subjected to misuse, negligence or accident; (3) have been used in a manner contrary to Licensor's instruction, including instructions concerning appropriate environmental specifications; (4) are used in combination with equipment, components or products not specified by Licensor; and/or (5) where the damage is attributable to external factors, including, without limitation, failure or fluctuation of electrical power or air conditioning or nonconformities arising from Licensee supplied

Any use other than as explicitly set forth in the Product Specifications and/or Licensed Documentation, or modification to the Licensed Software shall void the express warranties set forth above.
- 8.4 **THE WARRANTIES STATED IN SUBSECTION 8.1 ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES OF QUALITY AND PERFORMANCE, WHETHER WRITTEN, ORAL OR IMPLIED, AND ALL OTHER WARRANTIES INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USAGE OF TRADE ARE HEREBY DISCLAIMED. 9. UPDATES

Any changes, revisions, workarounds, patches, upgrades and enhancements to the Licensed Software ("Updates") provided to Licensee shall be subject to the provisions of this Agreement. Licensee shall be responsible for the installation of the Licensed Software and Updates. All new Updates are provided upon the assumption that Licensee has installed all prior Updates.

10. PATENT INDEMNITY

- 10.1 Licensor shall defend at its own expense any actions brought against the Licensee alleging that the Licensed Software manufactured by Licensor directly infringes any claim of a patent of the United States of America and to pay all damages and costs finally awarded in any such action, provided that Licensee has given Licensor prompt written notice of such action, all necessary assistance in the defense thereof and the right to control all aspects of the defense thereof including the right to settle or otherwise terminate such action in behalf of Licensee.
- 10.2 Licensor shall have no obligations hereunder and this provision shall not apply: (1) to any other software, including Licensed Software supplied hereunder by Licensor or a Distributor which have been modified or combined with other software; (2) any software supplied according to a specification, other than a Licensor specification, required by the Licensee; (3) to any products or articles manufactured by any software; (4) to any patent issued after the date hereof; and (5) in the event any of said actions are settled or otherwise terminated without the prior written consent of Licensor.
- 10.3 If in any action hereunder, the Licensed Software is held to constitute infringement and the use thereof is finally enjoined, Licensor shall, at its own expense, and at its option, either procure for the Licensee the right to continue using the Licensed Software, or modify or replace it with non-infringing software, or remove the Licensed Software and refund the License Fee. Licensor shall have no responsibility or liability for patent or copyright infringement (or any claim or allegation thereof) arising from the use of the Licensed Software in combination with equipment, devices or software not provided by Licensor or arising from the use of the Licensed Software in a manner for which it was not intended.
- 10.4 THE FOREGOING PARAGRAPHS STATE THE ENTIRE LIABILITY OF THE LICENSOR WITH RESPECT TO PATENT INFRINGEMENT.
- 10.5 To the extent that the Licensed Software or any part thereof is modified by Licensee, or combined by Licensee with equipment or processes not furnished hereunder (except to the extent that Licensor is a contributory infringer) or the Licensed Software or any part thereof is used by Licensee to produce an article, and by reason of said modification, combination or production, an action is brought against Licensor, Licensee shall defend and indemnify Licensor in the same manner and to the same extent that Licensee would be obligated to indemnify Licensor under this "Patent Indemnity" provision.

11. EXPORT RESTRICTIONS

- 11.1 The Licensee acknowledges that the Licensed Software and the Licensed Documentation is subject to export controls imposed by the United States Export Administration Act of 1979, as amended (the "Act"), and the regulations promulgated thereunder by the Department of Commerce. Licensee agrees that it will not, directly or indirectly, export or reexport, or knowingly permit the export or reexport of, the Licensed Software or Licensed Documentation to any country for which the Act, any regulation thereunder, or any similar United States law or regulation, requires an export license or other United States Government approval, unless the appropriate export license or approval has been obtained.
- 11.2 Licensee agrees that it is solely responsible for obtaining any such export license or approval and for complying with the terms thereof. Licensee hereby indemnifies Licensor from any and all claims, fines, damages, liabilities, expenses, and costs (including attorneys' fees) arising out of the export or reexport of the Licensed Software or Licensed Documentation. Any delay in obtaining an export license or approval shall suspend performance of this Agreement by Licensor and if an export license or approval is not granted or, if once granted or given, is thereafter revoked or modified by the appropriate authorities, this Agreement may be canceled by Licensor without liability for damages of any kind resulting from such cancellation.

12. LIMITATION OF LIABILITY

- 12.1 In no event shall Licensor, its suppliers or subcontractors be liable for special, indirect, incidental or consequential damages, whether in contract, warranty, tort, negligence, strict liability or otherwise, including, but not limited to, loss of profits or revenue, loss of use of the Licensed Software, cost of capital, cost of substitute equipment, facilities or services, downtime costs, delays, and claims of customers of the Licensee or other third parties for any damages. Licensor's liability for any claim whether in contract, warranty, tort, negligence, strict liability, or otherwise for any loss or damage arising out of, connected with, or resulting from this Agreement or the performance or breach thereof, or from the design, manufacture, sale, delivery, resale, repair, replacement, installation, technical direction of installation, inspection, operation or use of any software covered by or furnished under this Agreement shall in no case (except as provided in the section entitled "Patent Indemnity") exceed one-half (1/2) of the License Fee for the specific item which gave rise to the claim or liability.
- 12.2 All causes of action against Licensor arising out of or relating to this Agreement or the performance or breach hereof shall expire unless brought within one year of the time of accrual thereof.
- 12.3 In no event, regardless of cause, shall Licensor be liable for penalties or penalty clauses of any description or for indemnification of Licensee or others for costs, damages, or expenses arising out of or related to the Licensed Software.

13. TITLE

Nothing contained in this Agreement shall be deemed to convey and title to or ownership in the Software Product or the intellectual property contained therein in whole or in part to Licensee, nor to designate the Software Product a "work made for hire" under the U.S. Copyright Act, nor to confer upon any person who is not a named party to this Agreement any right or remedy under or by any reason of this Agreement.

14. GOVERNING LAW

This Agreement shall be governed by the laws of the State of New York, U.S.A., but excluding the provisions of the United Nations Convention on Contracts for the International Sale of Goods (and any amendments thereto) and excluding New York law with respect to conflicts of law. Licensor agrees that all causes of action against Licensor under this Agreement shall be brought in the State Courts of the State of New York, or the U.S. District Court for the Southern District of New York. If any provision hereof, partly or completely, shall be held invalid or unenforceable, such invalidity or unenforceability shall not affect any other provision or portion hereof and these terms shall be construed as if such invalid or unenforceable provision or portion thereof had never existed.

15. FORCE MAJEURE

Licensor shall not be liable for loss, damage, detention, or delay, nor be deemed to be in default from clauses beyond its reasonable control or from acts of war (declared or undeclared), fire, strike, labor difficulties, acts or omissions of any governmental authority or of Licensee, compliance with government regulations, insurrection or riot, embargo, delays or shortages in transportation or inability to obtain necessary labor, materials, or manufacturing facilities from usual sources or form defects or delays in the performance of its suppliers or subcontractors due to any of the foregoing enumerated causes. In the event of delay due to any such cause, the date of delivery will be adjusted as reasonably necessary to compensate for such delay.

16. MISCELLANEOUS PROVISIONS

- 16.1 Any assignment of this Agreement or any rights or obligations hereunder without prior written consent of Licensor shall be void.
- 16.2 No waiver, alteration, consent or modification of any of the provisions of this Agreement shall be binding unless in writing and signed by a duly authorized representative of the party to be bound.
- 16.3 The terms and conditions contained herein constitutes the entire agreement between the Licensor and the Licensee with respect to the Software Product and there are no agreements, understandings, restrictions, warranties, or representations between the Licensor and the Licensee other than those set forth herein provided for. Any additional, inconsistent or different terms and conditions contained in Licensee's purchase order or other documents supplied by Licensee are hereby expressly rejected.
